Tamira Sapp lives in Johnson City, but her job takes her all over the world — from Singapore to Switzerland.

As a corporate compliance auditor with Pfizer Inc., Sapp spends about 40 percent of the year traveling internationally. The on-the-go professional never dreamed she could find time to fit graduate school into her busy schedule. After all, she thought attending class would be very difficult from Croatia, Malta, Israel or one of her other business destinations on the other side of the globe.

at Milligan made us write quality papers, which has helped me tremendously in the DBA program."

After Sapp completes her educational goals, she hopes to move on to her next professional goal — becoming vice president for quality at a pharmaceutical manufacturer.

"The professors at Milligan want you to succeed and they encouraged us to make our goals happen," Sapp said. "I feel well

prepared for the next step."

Milligan's MBA cohorts meet on Milligan's campus in the Tri-Cities and at Walters State Community College in Morristown. Cohorts start in the fall (Milligan campus and WSCC Morristown) and spring (Milligan campus). The application deadline for the fall cohorts is Aug. 22.
