Miss Welshimer Visits Campus

Milligan College has as its distinguished guest this week Miss Helen Welshimer of New York City. Miss Welshimer, noted writer of poems and fiction, whose work is widely syndicated to American newspapers and magazines is the daughter of Dr. and Mrs. P. H. Welshimer of Canton, Ohio. Dr. Welshimer is a former college friend of president Derthick.

Miss Welshimer, a most charming person, was guest speaker at the girls' prayer meeting Wednesday night, the Thursday morning chapel period, and the Sunday School classes Sunday morning.

Miss Welshimer is the author of more than 1200 poems and several serials. At present she

PRESIDENT DERTHICK

MRS. DERTHICK

Ambassadors of cheer, hope, and goodwill; builders of the kingdom of heaven in the lives and hearts of students; exponents of the truest and best friendship, in loyalty, in citizenship, in business, in honor and in integrity; college leaders whose counsel, wisdom and comradeship have enriched campus life and the futures of hundreds of students: to President and Mrs. Derthick, we, the class of 1938, in gratitude and appreciation, dedicate this issue of the Stampede

June Cox Wins Anna Lucas Contest; Estelle Elliott Second

Miss June Cox, Milligan Senior, was selected winner of the annual Annie Lucas Kennedy Reading Contest, which was held in the college auditorium at 8:00 o'clock Saturday evening, May 7. Miss Estelle Elliott, a Junior, won second place.

Four students participated in the contest, entrance in which is limited to the young women of the college.

Miss Cox read "The Siege," by

Colin Clements.

Miss Ruth Crabtree read "His Word of Honor," by Ellen M. Cyr.

Miss Dorothy Bowers read a one-act play, "The Beau of Bath," by Constance D'Arcy Mackay.

Miss Elliott read, "A Hospitable Fancy," adapted from "The Sire de Maletroit's Door," by Robert Louis Stevenson.

(Continued on page 12)

Governor Browning of Tennessee will give the commencement address of the Milligan Class of 1938 on Monday morning, May 30, in the college auditorium.

Governor Chandler of Kentucky was expected to give the Baccalaureate address but due to another appointment of Sunday, May 29th, he has told Milligan he would be unable to do so.

Governor Browning, who has been making several speeches in East Tennessee recently, is likely known as an intensely interesting speaker. The Governor's speech will be the finale of the year of '38 for 37 seniors, the largest class in the history of Milligan College.

May Festival Will Be Given May 14

The annual spring festival to be held at eight o'clock on Saturday evening, May 14, promises to be the highlight of the spring season at Milligan. It is to be a gay and colorful event, with more than one hundred students taking part. Jack Willis is directing the festival, which is produced with the aid of the combined Dramatic, Music, English, Physical Education, and Art Departments of the college.

The festival is to be called "Pippa's Song" and is a dramatic adaptation of Browning's "Pippa Passes" by Mary Helen Banner, Florence Potter, and Mary Wood. It is based somewhat on the idea on an international fair, which takes place in the mythical and fantastic country of Romantia.

Congratulations to the staff of the "Buffalo" for the best annual Milligan has ever had.

Our Alumni

Who they are—Where they are—
What they are Doing.

In our first issue, this column was filled with bits of interesting news about former students of Milligan College. We selected names from the questions returned from members of the classes from 1882 to 1936 inclusive. It is with pleasure that we continue this column.

We shall try in every way possible to publish the things that you want to see printed in your paper. However, you must do your part, and that is this: write us any items of interest about yourself, your family, former students, and friends of Milligan College. Some one somewhere will be interested in your activities, your success and your achievements. So, please write us—anything—at any time so that we may pass it along to your friends. This paper is for you and we want to print bits of interesting news about you and your friends. Tell us when you have been promoted, honors you have attained, or public positions of trust which you are holding or have held.

Again let us remind you that if you want the Stamped to come to you regularly next year fill in the coupon and send it in at once. This is the last issue to be sent unless we receive your coupon. If we do not hear from you we assume that you do not want to receive the paper regularly.

Second Scene: "Elderly Mother," with a solo, "Mother Macree," sung by Jack Willis. The closing song, "Tell Mother I'll be There" was sung by the quartette.

Prayer at Parting

HELEN WELSHIMER

Now go with him, I beg Thee,
He needs Your Hand, firm,
strong,

To ease the way to Sinai . . .
(The road's so steep, so long!)

To him, I pray, give comfort;
Smile on him tenderly.
Men have much need of
kindness . . .
(Oh, never think of me!)

Fill his cup till waters
Of peace have touched its brim.
Take care of him as I would
If I could go with him!

A Backward Glance

By LILLARD CLAYTON

This is taken from "The Trident" of March, 1925.

"The Sophomore class submits the following questions to the faculty with the suggestion that they be used for the second semester Freshman examinations:

1. Who was Habeas Corpus and in what year did he reign?

2. What important psychological changes affect the child as he goes through the Elizabethton Age? the Romantic Age? How many parents meet these changes?

3 Who killed the Dead Sea, and if so, why?

4. Who wrote H. G. Wells, "Outline of History" and for heaven's sake why?

5. Which will make better building material logs or cologs?

From "The Periscope" dated December, 1921:

"She frowned on him and called him Mr.

Because in fun he merely kr. And then in spite,

The following night,
The naughty Mr. kr. sr."

This letter, appearing in "The Light" of February, 1916 might be of interest to someone interested in the history of the school:

Nashville, Feb. 11, 1916.

Dr. J. Hopwood,
Milligan College, Tenn.
My Dear Sir:

Yours of the 8th received. In reply can say I take pleasure in placing Milligan College on our accredited list, and certificates, without examination, will be granted to all your graduates who have taken the educational course.

If at any time I can serve your institution, I shall be glad to do so.

Very truly yours,

S. W. SHERRILL,
Superintendent

Excerpt from a short story which appeared in "The Trident" of March, 1925:

Governor Browning Will Give Commencement Talk

GOVERNOR BROWNING

Governor Gordon Browning is now one of the central figures in Tennessee. He has made himself well known for his policies that have defied a political organization that no one dared cross before. Whether his policies are wise or not does not matter; we think highly of him as a man and speaker and are very glad to have the opportunity of having such a distinguished personage as speaker at the finals of the class of '38. From the wide experience and the interesting life of a governor of a state, a class can get much value and a great deal of interesting knowledge.

Governor Browning will speak Monday morning, May 30, at 10:30 o'clock in the college auditorium. A large crowd will attend the finals. President Derthick will award the degrees to the 37 graduates.

"'Albert Grant,' whispered Christie hoarsely . . . 'I can never repay you. To think that you — the only man I ever hated should risk your life for me—your worst enemy!'"

The doctor arose, and a painful but brave smile enhanced his olive-colored face, as he sought Christie's hand."

AIN'T LOVE GRAND?

Mr. And Mrs. Cochrane To Entertain Seniors

May is undoubtedly Senior month, and principal among these activities which are crowding these last days will be those

honoring the Graduating Class of 1938.

At seven-thirty o'clock on Friday evening, May 13, Mr. and Mrs. A. F. Cochrane will entertain the members of the Senior class and President and Mrs. Derthick with a dinner at Pardee Hall.

Knowing the friendship and hospitality of Mr. and Mrs. Cochrane, the Seniors are expecting a delightful evening.

Notice To Alumni

The class of 1938 is the largest in the history of the institution. As usual the college will entertain the family guests of the seniors. It will be impossible for the Administration to entertain all visitors in the dining room. If you are planning to visit Milligan during the Home Coming it will be necessary for you to notify us so that we can plan for your stay with us.

The Ladies of the Milligan Church will serve meals in the basement of the church building. For your entire stay with us meals including the banquet will be \$2.50, however, single meals will be served at very reasonable rate.

If you are planning to come please notify us so that the Ladies Aid will know the quantity of food to prepare. We must also know the number of beds to prepare. Won't you please fill in the coupon now and tell us whether or not you are coming?

Miss Welshimer

We of Milligan consider ourselves very fortunate in having a distinguished person like Miss Helen Welshimer visit us. Students and faculty enjoy talking with her and hearing her speak and tell of her many interesting experiences and adventures in the journalistic field. She has been very gracious in giving us some of her poems to use in our paper and we appreciate it very much.

The Mask

HELEN WELSHIMER

The other time I broke my heart
The mask I wore was gray,
As though it knew its need could not
Outlast the summer days.

But laughter passes easily
And this time I must wear
One strong enough to brave the days
That you will never share.

IN APPRECIATION

As editor of the Stampede I want to express my most sincere appreciation to every person on the campus for every bit of cooperation and encouragement given this year to me and to the

staff. What I stated in the first issue this year, I still believe. "There isn't much else that makes a person happier than to receive the confidence and respect of his class and the support of an enthusiastic student body and faculty." My work has been difficult at times, but I have really enjoyed it along with the work of an efficient staff.

To the following I wish to express by appreciation for their loyalty and untiring efforts in every way. Lanora Geissler has been one of the most efficient workers that could be obtained for a school paper. Also Estelle Elliott, Rose Tilford, Lillard Clayton, and Jimmie Edens have always been more than willing to do more than their part in making the paper a success.

We have cooperated with the faculty in every way possible; we have not disagreed on a single word, yea, at the same time, we have published everything that we desired to publish. Our object has been to please everyone. We have accepted advice gladly and encouraged it.

So again, thanks to everyone, all the way around.

STAMPEDE EXPENSES

We have been planning to give an expense account of the Stampede for some time, and since this is the closing issue we now do so.

The Activity Fund for the Stampede was \$125.00, to date we have used \$60.00 of it, leaving a balance of \$65.00. We now owe the printing company \$36 and this issue will cost \$50, making a total of \$86. The Alumni Association will pay about \$30 to \$35. This will leave about \$56 to be paid by the Stampede. The Stampede will have about \$25 receivable in ads. This leaves \$39 to be paid from the Activity Fee.

After considering all expenses, postage, paper, and such as that, there will be about \$25 left in the activity fund for the Stampede next year.

HAVE YOU EVER NOTICED?

By "WAGGIE"

When the other fellow acts that way, he is "ugly." When you do, it is "nerves."

When the other fellow is set in his way, he's "obstinate," when you are, it is just "firmness."

When the other fellow doesn't like your friend, he's "prejudiced," when you don't like him, you are simply showing you are a good judge of human nature.

When the other fellow tries to treat some one especially well, he's "Toadying," when you try the same game you are using "tact."

When the other fellow is mild in his manner he is a "mush of concession," when you are, it is being "gracious."

We'd like to know where all those folks who are tickled to death are buried.

SENIOR PORTRAITS

By Reable Griffith

JAMES KENNETH MUSICK

James Musick came to Milligan in '33. He had been graduated from the Cleveland High School with high scholastic rating.

Musick readily adjusted himself to the situation he found at Milligan and found it very easy to live harmoniously in this environment. Although he did not come back in '34 he was ready in '35 and to resume his work. Since that time he has done some excellent work. He has majored in both Chemistry and Biology. However, studying has not occupied all of Musick's time. He was manager of the baseball team last year and has for two years been a member of the "M" Club.

James is particularly interested in laboratory. He plans to do this type of work next year, and after working for a while he plans to study at some university.

Musick says of Milligan: "If I had the chance of select again, I would choose Milligan."

NORMA DERTHICK

Mrs. Francis Derthick, the former Norma Wallace, came to Milligan College after having graduated from Crescent Junior College, Eureka Springs, Arkansas. She was president of the Senior Class there.

In 1925 she became the bride of Francis Derthick and has lived at Milligan the greater part of the time since then.

She is graduating with a major in English and minors in history and education. One of her most fascinating studies, however, is psychology.

She plans to teach in Carter County next year. Later she plans to continue her education specializing in art, in which she has a marked talent.

Her favorite foods are chicken, strawberry shortcake and hamburgers.

She enjoys moving pictures. Her favorite stars are Joan Crawford, Spencer Tracy, and a host of others.

"Hamburgers and shows," she says, "go together"—and her

eldest daughter nods assent.

Her greatest ambition is to have a million dollars.

One of her favorite hobbies is collecting pictures. She thoroughly dislikes house keeping—but we can understand that since in addition to her college courses she has care of four children.

Questioned as to what she thought of Milligan she answered enthusiastically, "It's home to me."

EDWARD MALLORY VOGEL

Edward Vogel may not end up in the White House, but, at any rate, he got his beginning in Washington, D. C. He was born there, but moved to Charlottesville, North Carolina, and later to Erwin, Tennessee.

His grammar school and high school education was received at Erwin. Even in high school his athletic ability was obvious. He played football and basketball and was on the track team. Dramatics offered an opportunity for expression of another of his abilities. Having made an outstanding record, he graduated in '32.

Vogel entered Milligan in '32. After attending two years, he was out for some time, but he turned in '36. He has played football, basketball, and has been out for track. This year he is outstanding for his skill on the tennis courts. He was accepted into the Dramatic Club and his Sophomore year and is now a member of the Eta Lambda Cast of Alpha Psi Omega, a national honorary dramatic society.

Vogel is very interested in aeronautics, but only as a hobby. He will work in the Erwin office of the Clinchfield Railroad Company.

MARVIN WILLIAM GILLIAM

Marvin Gilliam was born March 5, 1917, at Wise, Virginia on his mother's birthday. He went to a country grammar school and in 1930 entered Wise High School. His favorite studies were English, Latin and Math.

He came to Milligan in '34 and has spent nearly all of his time here since—working on the campus part of all the summers.

Journalism is one of his interests, but he enjoys teaching most—especially French at Happy Valley High School. He ex-

A BUFFALO HEARD

Well, here we are with the last Stampede of the year. We have considered dropping this column several times this year for various reasons, but it seemed to be the important part of the paper and so we have let it breathe verbal satire, gossip, and revenge all year. If you haven't sent in your favorite joke yet (most all have) and if you haven't been among the social elite which are mentioned here every issue, and if you haven't yet gained verbal revenge on the one you think sent in that crack about you—well, better luck next year. We hope the old Buffalo will be listening as carefully as ever.

The Old Buffalo says to those who hate this column—"The cat that gets its tail stepped on is going to squall."

Many students are anxious that Milligan may help Mr. Charles Duggins overcome a little of his superiority complex. He doesn't know that there is a possibility of other people being correct once in a while.

We hear that some students from Teachers' College, after spending a short time on the Milligan Campus, expressed much concern over the fact that so many of our boys are blind. "Blind!" said the indignant Milligan Student. "Why, yes," was the reply. "The girls have to lead them around all the time!"

Why does a certain Junior girl always choose prayer meeting as a time to file her nails and read magazines?

We understand that Mary Elizabeth McMillan has been very sad because she hadn't "made" this uplifting column. Now you can cheer up, Mary E.! Far be it from us to slight anybody.

The Stampede wouldn't be complete without Morley's latest words of wisdom: "I spent an awful lot of money taking Martha to Norton, and now I didn't even get an invitation to the Pre-Med banquet!" Yes, women are fickle, Ira.

Can You Imagine:

Bill Davis without a girl?
Mac and Freddie being rivals?
Perk and Virginia Lee not having conference?
Clayton with his hair combed?
Polly Orr blushing?
Mary Helen running off and leaving Fred Saturday night?
Trevor inviting Potter to the banquet instead of Mary Helen?
Jack Willis' interest in balanced diets?
Sybil Freye's sudden interest in the gentlemen?
Estel Hurley bringing Newland Wildes a flower on Mothers Day?

Eleanor Vogel dating Bill Owens?
Jimmie Edens has a position teaching ECONOMICS in a Carter County high school for next year. Jimmie comments: "I'm going to BURN(S) 'em up."

We are told that Claudell Yates, in trying to milk a cow attempted to make the cow sit on the stool.

We wonder why Travis Ashwell goes to places that he is ashamed to come out of.

We wonder if Travis Ashwell has finally understood and believed that Francis Hendrix is really president of the Home Economics Club.

Campus Scenic Views

Dr. Bennett and his "dimming" ties,

Goob "I've got a point there" Howard blowing off steam.

Freddie Davison attempting to show off.
Dralle asking Polly Orr to accompany him to the Pre-Med banquet.

Kids Rice, Sears, and Duggins throwing water on those below the third floor.

We fear that the depths of patriots residing in the soul of Ammon Sears is not appreciated. In a recent English composition on the Natural Bridge in Virginia, after a glowing description of this as one of the Seven Wonders of the World, Sears summed it all up with these words: "This Bridge dates back to the time of George Washington, and that's long enough for any American."

Waitress: Will monsieur have A La Carte or Table D'hotel

Jack Willis (having had French three years): Both, with plenty of gravy on 'em.

The campus is wondering if it's Eddie O'Donnell or Tommy Frasier that Polly Orr is interested in.

Can You Believe . . .

Bill Pike is going to teach school!
Estelle Elliott really can relax!
Woolridge was seen without Aurine for five whole minutes one day last week!

The Old Milligan Student, returning to the campus for the first time in several years, fell upon his face and kissed the campus. Emotion? No . . . a banana peel!

Range is wondering why Dr. Crudden always has to wake him up right in the middle of his nap.

Did you know that Gillenwater and Sears had a young war the other night? It is reported that Sears knows when to retreat too.

Wilds is thinking of starting a matrimonial bureau now that she has succeeded in getting her last year's room-mate married off and has access to that Dorothy Dix column that tells how to make the boys pop the question. Flock around, girls.

Nomination for the best psychologist on the campus: Carsie Hyder. She keeps Williams' interest by letting other boys take her home about six nights a week.

If you want someone to accept a "last minute" invitation ask "Patsy" Miller.

To a certain waiter in the annex: don't you ever get tired winking at the boys?

Why should Katherine Rose worry about getting Mullins' cold?

Speaking of recital events . . . NOTICE: Lillard Clayton and Sybil Freye wish to make a public announcement that their late arrival was due to Mrs. Derthick's request that they escort Miss Welshmer to the recital—Well, they DID come with her.

Has anyone noticed the feud between Ritchie and Beeble?

Have you heard what happened to the money Bill Davis intended to spend for Dorothy Bowers' corsage for the Pre-Med banquet?

Is Blevins (the Elder) aware that a certain freshman girl is in pursuit of his attentions?

Don't tell anyone we told you, but Duggins likes "Kat" Rose.

Milligan College has done, and is doing, much for young men and women who have but little means. The door of opportunity opens for them at Milligan College to get an education, and to achieve some high purpose in life. Checking through the Stamped this year we find that Nancy Franklin's life has not appeared in this column. We thought it had but we were mistaken. We are very sorry because of this but here gives her recognition and our due apologies. We found our error too late to remedy it. (One senior asked that her life not appear in here).

'M' Club Banquet

On Thursday evening, May 12, the annual "M" Club Banquet will be held in Elizabethton, at the Franklin Club.

It is expected that the number of members and their guests will be around forty. Among these will probably be President and Mrs. Derthick, Prof. and Mrs. Burns, Mr. and Mrs. Steve Lacey, Dr. Hugh Thompson, Dr. C. M. Eyer, Prof. and Mrs. Cochrane, Dr. Willard, and Mr. Star Wood.

The program, at the time the Stampede goes to press, has not been definitely arranged. However, it is known that Prof. Burns will address the group. An outstanding feature of the evening will be the presentation by the "M" Club of gold "M"s to the Senior members. The Club has selected a junior member, John Fugate, to present them. Those who will receive them are: Taylor, Vogel, Shelly, Davis, Morley, Woods, Boatman, Lowe, Musick, and Poe.

SCOTTIES NOSE

OUT BUFFS, 2-1

The Milligan College baseball team dropped their fourth straight game to the Maryville Highlanders at Maryville 2-1. Heaton, Buff mound ace gave up only four hits during the entire contest but his own wildness in the first inning was costly enough to enable Maryville to cop decision. Honaker, starting on the rubber for the Scotties, pitched two hit ball and was never in trouble.

BASEBALL TEAM HAS FULL WEEK

The baseball program for this week includes games with Maryville, Tusculum, and Hiwassee College, with the spotlight thrown on the fracas with Maryville.

Milligan almost scored an upset at Maryville by holding the Scotties highly-touted power house to 2-1 decision. The coming contest should be just "up the fans alley" in the way of baseball entertainment. The Buffs are set to go and appear to be in the best shape possible. Heaton, fireball righthander, will be ready to try to turn the tables on the visitors.

Tusculum will present a team of unknown quality but records indicate a fast game.

The game with Maryville was played at Soldiers' Home in Johnson City, Monday.

TENNIS TEAM ON THEIR WAY

The tennis team, after dropping a torrid contest to the Maryville netters appears headed for better and more numerous victories. The match at Maryville, turned out to be a moral victory for the Buffs since the Scotties are reported as having one of the outstanding teams in the state.

Presenting a well-balanced team in every department, the Thompson tutored outfit compares excellently with any in the Conference. Shelley and Sears combine to make a strong doubles team and the Cochrane-White combination is only a step behind.

The decided improvements in Hyder and Vogel would gladden any coach's heart and Teachers' College, conference Champs by their own assertion, will find the going rough when the Buffs start their drive.

Let's all try to root these boys to greater heights and admire their steady brilliance and appreciate the sportive "gentlemaness" which is so prevalent in their engagements.

MILLIGAN LOSES TO TUSCULUM

The Buffalo net men lost their first very decisive match of the year to Tusculum College last Saturday morning. The score was 6-1. Vogel and Hyder won their match in the doubles. Smith and Hazen were outstanding for Tusculum.

PRE-MED CLUB

HOLDS BANQUET

Thursday night, May 11, the Pre-Med Club held their third annual banquet at the Franklin Club in Elizabethton. There were forty-six present. Besides the members and their dates, Dr. and Mrs. Hugh Thompson, Prof. and Mrs. Cochrane, and Dr. Packer of Elizabethton Health Unit were special guests. Dr. Packer was the chief speaker of the evening. He delivered a very interesting talk on the "Drama of Medicine."

The members of the club expressed their regrets that President and Mrs. Derthick could not be present. An annual feature of the banquet was the presentation of the Pre-Med Club pins to the following Seniors who have been members of the club more than two years: James Hale, Blaine Sturgill, Cecil Lowe, Bill Davis, and J. R. Woods. Each made a short talk following the presentation by Rudolph Bralle of the Junior Class. Prof. and Mrs. Cochrane and Dr. and Mrs. Thompson also made short talks. Prof. Cochrane is a charter member of the club and expressed his desire to see the club become affiliated with a national fraternity of Pre-Med students. It is hoped that this idea may be accomplished next year.

The Buffs of Milligan College snapped out of their lethargy long enough to trounce the Teachers nine 9-3.

A long triple by Roberts and a sacrifice bunt by Varnell started the Lacey men off to a one run lead in the first inning. Then, after Teachers had knotted the count at one all, the Buffs started a six run spurt that virtually cinched the game.

Hunt, pitching for the Bucs was in hot water throughout and only by good defensive play did he manage to stem the tide of runs and base knocks numerous in the Milligan blujasons.

Heaton pitched a smart and effective game for the Buffs, keeping the nine scratch hits of Teachers well scattered. Heaton has borne up well under the amount of work he's done and he looks like a real prospect.

The victory over the State College team enables Milligan rooters to boast of a clean sweep of athletic engagements for Milligan between the two schools during the current school session.

It Can Be Done

Alumnus of Milligan, do you remember the picture on the wall in the President's office—that one that looks down upon you from an old arm chair? Yes, there even to this day still hangs the likeness of a man whose burning desire was to uphold Godly principles and point the way to the youth of his day.

Do you remember how, as you gazed upon this mute likeness, your eyes wandered to the inscription above the portrait? Do you remember these words, "It Can Be Done?"

During the four years which you have spent at Milligan you distinctly remember that "It Can Be Done" was the spirit that urged on our mutual friend and beloved president, Mr. H. J. Derthick to greater endeavor that Milligan students might still be directed and guided into the bigger and finer things of life.

You have completed your four years at Milligan. You have, we hope conducted yourself in such a way that success and renown are yours; you have reflected honor upon the institution which granted your degree. Milligan does not leave you there. She is still interested in your success, your achievements and prays for your future welfare.

Milligan's family has grown tremendously. More than ten thousand have attended the institution since it was founded. Her graduates are scattered over the whole country.

President Derthick greatly desire to keep in touch with every former student and graduate of Milligan College. This has become an impossible task—ten thousand students. But "It Can Be Done" with an active Alumni Association. Milligan's president is now asking that we form ourselves into such an organization. In view of all that he has done for us "It Can and Must Be Done."

The Administration is not asking the Alumni for gifts, donations, checks nor cash. The Alumni Association is not asking that you pay an annual membership fee, but we are most earnestly beseeching you to enroll with us by willing in and returning the questionnaire which we have sent you; that you come to our annual alumni meetings if possible and that you help our alumni publication by payment of the

subscription price of one dollar a year.

Beneath the portrait of Dr. J. Hopwood are these words, "Jesus Never Fails." This is the thought that gives courage and faith and hope to President Derthick. With a twinkle in his eye he says, "The Alumni Association will not fail." Will you do your part?

Again We Ask-- Do You Want An Alumni Publication?

This is the second and last edition of the Alumni Stampede to be sent to you this school year.

Whether this will become a regular publication depends entirely upon YOU.

The Alumni Edition of the Stampede come to you because you requested it. More than six hundred copies were mailed to former students and graduates. Thus far two graduates and three former students have sent in the coupon requesting us to place their names on the mailing list for September 1, 1938.

It is impossible for us to think

of publishing an Alumni Stampede unless we are assured that you want such a publication. With only five indicating that they want the paper, we are wondering whether we should go to the expense of another edition.

We believe that you want such a paper and we are again including the coupon for you to fill in and send to us. Remember we are not asking that you send a dollar until September 1, 1938. We do want to know whether we can count on your support. This is our last appeal to you. The next move is YOURS. Please move of you expect to.

MISS WELSHIMER

(Continued from page 1)

is particularly interested in fiction. She has never published a novel but her serials have been widely syndicated; just now "One More Wedding," one of her serials is being featured in the Johnson City Chronicle. While on the campus she read several of her poems from the volume "Singing Drums" which contains 237 poems, on subjects of Love, Home and Religion. (Incidentally in a student interview, Miss Welshimer remarked that editors desire three types of poems to use as fillers; namely, "love, religion, and the home—cookie jar type, but the greatest of these is love."

—Of the various types of love, they prefer sad love for "sad love takes better."

For eight years Miss Welshimer was featured with the N. E. A. Service, Inc. Recently she accepted a position with King's Sunday Feature Service in order that she might center her interests more in fiction. While at Milligan, she is collecting material concerning events in the Tennessee Mountains for feature stories.

Miss Welshimer related several interesting interviews with various celebrities such as Mrs. Roosevelt, Jimmy Durante, Governor Hoffman, Dr. Wong, John Barrymore, members of the House of Windsor, Amelia Earhart, Jessie Stewart, Jimmy Matterson, and others.

Miss Welshimer is especially interested in her fan mail, for through it she has had many interesting experiences.

The Alicia Hart column of the N. E. A. association originated with Miss Welshimer. "There is no Alicia Hart" she says, "Whoever happens to be social editor is Alicia Hart." Alicia Hart is a stock name. Betsy Skiler, a name under which Miss Welshimer has written is also a stock name. Another pen name under which she wrote the serial "Sue" is Marjorie Hale. "Sue," by popular demand ran in the Cleveland, Ohio papers for more than four years.

Miss Welshimer will sail for Great Britain July 8; while there she plans to do fictional work.

One of her outstanding habits is working alone on Saturday afternoons.

"Writing," Miss Welshimer pointed out, "is not a business of merely writing but of re-writing."

Miss Welshimer was entertained with an informal reception Tuesday evening at the home of President and Mrs. Derthick. Members of the faculty, their wives and husbands, and several Johnson Cityans attended. Guests were received by little Misses Betty Jo and Charles Derthick.

For the occasion Miss Welshimer wore a smart black chiffon gown patterned with a white floral motif. During the evening she spoke informally telling of her various experiences in interviewing celebrities. She also read selections of her book of poems, "Singing Drums."

COST OF ANNUAL

(Continued from page 1)

Hester Grantham — pretty, saucy, and impudent, but capable-looking—Mary Wood.

"Red" Eagan, somewhat of the pugilist type—Ralph Shelley.

Donald Meadows, a good-looking young man—Russell Schubert.

Colline, a chauffeur—Ira Morley.

Frenchy, a good-looking man of 30—Harry Easterly.

Mr. Brooke, a wizened little man, bald-headed and spectacled—Freddie Davison.

"The Bishop Misbehaves" is an English comedy by Frederick Jackson. It is the story of a Bishop, an elderly and saintly dignitary, who has always had a secret love of detective stories, and wishes he could find himself in the midst of one. He and his equally mild old sister do find themselves accidentally embroiled in a real mystery, and here is his holiday! He gobbles up clues like a rooster among beetles, and his exciting adventures with several ruffians, a masked hero, and a suitably attractive heroine. Sometimes the enemies have the Bishop at bay, sometimes he has them. It is a game of turning the tables, turning out the light, pistol-pointing, knife-brandishing, out-guessing and out-confessing, until the hero and heroine have won the Bishop's Amen, and the rumpus is over.

The comment of the New York Times on this play is "cheerful and amiably humorous," while the Pittsburgh Press stated, "it should make any man of the cloth rejoice that one of his calling could prove so resourceful and courageous in behalf of justice and romance."

Knowing the past work of the

excellent cast Miss Kester has selected for this play, Milligan students feel assured that this proclamation will provide a delightful evening.

**Miss Mary Wood in
Graduate Recital**

Tuesday evening, April 26, Miss Mary Wood was presented in her graduate recital in speech by Miss Dorothy Kester.

Miss Wood's program, of high tone in every respect, consisted of a series of interpretations, styled "Portraits of Women," and was representative of the women of various historical periods. Miss Wood's apt technique in reading was especially well suited to the interpretations she chose to portray.

Miss Eleanor Long arranged a musical background in keeping with the tempos of the readings.

The gallery of portraits was designed by Miss Dorothy Kester.
