

MCSstor Administrator Document Access Restriction Policy

Restrict Bitstream File

How to make an item searchable / metadata readable, but restrict Bitstream (file).

1. Open item.
2. Click Edit Item.
3. Click Authorizations.
4. Change the following policies.
5. Click READ.
6. Select Group = LDAP-Authenticated.
- 7.

Policies for Item 11558/1072 (ID=1035)

With this editor you can view and alter the policies of an item, plus alter policies of individual item components: bundles and bitstreams. Briefly, an item is a container of bundles, and bundles are containers of bitstreams. Containers usually have ADD/REMOVE/READ/WRITE policies, while bitstreams only have READ/WRITE policies.

You will notice an extra bundle and bitstream for each item containing the license text for the item.

ID	Name	Action	Group	Start Date	End Date
Item Policies					Add a new Item policy
<input type="checkbox"/>	40296	READ	Anonymous [Edit]		
Policies for Bundle BRANDED_PREVIEW (3859)					Add a new Bundle policy
<input type="checkbox"/>	40316	READ	Anonymous [Edit]		
Bitstream MCSstor&OLHposter_20160602.JPG.preview.jpg (5543)					Add a new Bitstream policy
<input type="checkbox"/>	40318	READ	LDAP-Authenticated [Edit]		
Policies for Bundle THUMBNAIL (3858)					Add a new Bundle policy
<input type="checkbox"/>	40313	READ	Anonymous [Edit]		

Bitstream MCStor&OLHposter_20160602.JPG.jpg (5542)			Add a new Bitstream policy
<input type="checkbox"/>	40315	READ	LDAP-Authenticated [Edit]
Policies for Bundle LICENSE (3853)			Add a new Bundle policy
<input type="checkbox"/>	40297	READ	LDAP-Authenticated [Edit]
Bitstream license.txt (5537)			Add a new Bitstream policy
<input type="checkbox"/>	40298	READ	LDAP-Authenticated [Edit]
Policies for Bundle ORIGINAL (3852)			Add a new Bundle policy
<input type="checkbox"/>	40299	READ	LDAP-Authenticated [Edit]
Bitstream MCStor&OLHposter_20160602.JPG (5536)			Add a new Bitstream policy
<input type="checkbox"/>	40300	READ	LDAP-Authenticated [Edit]

(2016)</p> <p>using the percent of proficient students in each testing subject. Results indicated that the schools in which the percentages of highly qualified teachers were high, student test scores also increased. Trends included all schools displayed similar Math...</p>

2. Open item.
 Metadata is viewable on Item page.

The screenshot shows a web browser window with several tabs open. The active tab is 'MC Test_20160615'. The address bar shows the URL 'https://mcstor.library.milligan.edu/handle/11558/1077'. The search bar contains the text 'dentist'. Below the browser window is the MCStor logo. A breadcrumb trail reads: 'MCStor Home / Test Community / Test Sub-Community 1 / Test Sub-Community 1.2 / Test Collection 1 / View Item'. The main content area displays the item title 'Test_20160615'. Under 'Thumbnail', there is an empty box. The 'URI' is 'http://hdl.handle.net/11558/1077'. Under 'View/Open', there are two links: 'MCStor&OLHposter_20160602.pdf (2 52.3Kb)' and 'MCStor&OLHposter_20160602.JPG (1 08.7Kb)'. The 'Collections' section lists 'Test Collection 1'. Other metadata includes 'Date: 2016-06-15' and 'Author: Kenderes, Lindsay'. A 'Show full item record' link is at the bottom.

3. When file is clicked to open, the Access Restricted page appears prompting login.

The screenshot shows the 'Access Restricted' page. The breadcrumb trail is 'MCStor Home / Sign in'. The page title is 'Access Restricted'. Below the title, it says 'Access to this file is restricted.' There are three sections: 'Milligan-Only' with text 'Some files in MCStor are restricted to the Milligan College on-campus network. These files can only be viewed from the Milligan campus or by logging in below with your Milligan Network credentials.'; 'Select Users and Groups' with text 'Some files in MCStor are restricted to select Milligan users and groups. Please login below with your Milligan Network credentials to see if you are an authorized user.'; and 'Theses and Dissertations' with text 'Some theses and dissertations are restricted to the Milligan College on-campus network. Please login below with your Milligan Network credentials for access. You may also purchase theses and dissertations from the Theological Research Exchange Network (TREN). If you have a question about access permissions, please contact mcstor@milligan.edu.' At the bottom, there is a 'Sign in to MCStor' section with a 'User Name: *' label.
