J. O. CHEEK ACTIVITY BUILDING

President Returns

By Annie Martin Lauderdale

Monday, February 27, President H. J. Derthick left Milligan College for a trip to New York in the interest of the College. Of his trip, President Derthick says: "I always marvel every time I tarry in New York City, even for a day, at the greatness of Man's achievements. New York has the finest homes in the world as well as the most desperate. It is a city wherein are gathered together some of the most intelligent people in the world and some of the most illiterate. It has the greatest business men in the world and the most unfortunate, the greatest architecture in magnificent buildings and the most uninhabitable slum homes and shops. It is the largest Jewish city in the world, the Jewish population exceeding population of Jerusalem in the height of its glory. It is the largest Irish city in the world, the largest Italian city and probably the fourth largest German city. More philanthropy is dispensed by those to whom God has given a surplus there than in any other city. In the latter part of April, the greatest World's Fair that man has ever conceived will open. It is now about ninety per cent finished. New York City is a city of contrasts."

While in New York the President had the unique experience of dining at lunch with a man whose fortune is doubtless counted in millions of dollars, and dining the same day at dinner with a woman who lived in utmost poverty in one of New York's slums. "Yet," said President Derthick, "no hospitality anywhere could have surpassed that which this christian woman of nearly eighty offered me."

Questioned about the success of the trip President Derthick declared that from most standpoints it was successful. "Fortunately," says he, "Milligan College has a number of friends in New York City who are greatly interested in her students."

J. HOWARD HALE

J. Howard Hale, class of 1937. Since his graduation he has been coach of the Central High School of Madisonville, Tennessee. At Madisonville they have only two major sports -- football and track, but basketball will be introduced next fall. In addition to his coaching position Mr. Hale is a teacher of mathematics.

Milligan College extends its congratulations to Mr. Hale for his two years of successful teaching in the public schools of Tennessee.

Most of our pleasure consist of work that we don't have to do.

A good aim isn't enough. You've got to pull the trigger.

Milligan The Beautiful

Outside construction of the old Buffalo Christian Church is now completed, the mason's scaffold has been torn away, loose stone and rubbish have been removed and now the task of beautifying the grounds begins.

The work has been set back from the driveway to make room for a twenty foot road which passes between the church and the Buffalo Creek. This roadway will circle the church in a one way drive; along the driveway and behind the church ample parking space will be provided. The road will be extended to Anglin Field and from there eventually will lead to the proposed bridge across Buffalo Creek and thence to the highway at a point directly opposite Anglin Field. Stately entrance pillars will be erected when the proposed gateway to the campus becomes a reality.

That the Alumni might have a part in making Milligan beautiful let's think seriously about contributing toward construction of the entrance gates.

The beautification of the campus about the church is under the direction of Mrs. Derthick.

More and more Milligan the beautiful becomes a reality.

A Prayer

(Editor's Note.-- This prayer hangs outside the door of the refectory of the cathedral at Chester, England.)

Give me a good digestion, Lord,
And also something to digest;
Give me a healthy body, Lord,
With sense enough to keep it at its best.

Give me a healthy mind, Good Lord,

To keep the good and pure in sight;

Which, seeing sin, is not appalled,
But finds a way to set it right.

Give me a mind that is not bored
That does not whimper, whine or sigh;

Don't let me worry over much
About the fussy thing called "I."

Give me a sense of humor, Lord;

Give me the grace to see a joke-

To get some pleasure out of life
And pass it on to other folk.
