

## STUDENT BODY LARGEST IN YEARS

Milligan's Masque  
Dramatic Club  
Hold MeetingsElect New Officers; Varner,  
President; McCloskey,  
Vice-President.

The "Masque" and the "Dramatic Club" began early with definite plans for this year, the "Masque" having held its first meeting on Wednesday, Sept. 5, for the purpose of electing officers and planning the work for the coming year. Yetiva Varner was elected President, Mervin McCloskey, Vice-President, Luke Gaffin, Secretary and Summers Jones, Treasurer.

The first meeting of the "Dramatic Club" was held on Thursday, Sept. 13. At this meeting the second act of the French play, "Tartuffe", was presented.

Much interest is being shown in the dramatic club this year. It is the aim of the club to present a one-act play every two weeks. Work has already begun on the play, "His Second Girl", which is being directed by Miss "Sunshine" Williams.

Reading is also being done in selecting a three-act play which will be given before Christmas. Besides this semester's play, the members of the "Masque" have plans for a play of their own.

For the past three years the "Masque" has been unable to buy "Masque" pins. This year the members of the "Masque" are eager to secure these pins again.

The Dramatic Club is looking forward to one of its most interesting seasons of work and entertainment.

Pre-Law Club Plans  
For Re-organization

The Pre-Law Club has not as yet had an official meeting, but various members of the club have been formulating plans for re-organization and admission of new members to the club. The lawyers have been slow in getting started, for many of last year's members graduated, including the President, Roger Derthick. Others are seniors and football players who have been very busy during the first few weeks. However, the club plans a big year with many visiting speakers from neighboring cities expected to address the club.

Professor Lodter is the club sponsor. The members of the club are: J. Wilkes Buchanan, Carl Stevens, John Barnard, Milbert Bible, and J. Tell Taylor, Carlyle Burdett, Leroy Hicks, Luke Gaffin, and Howard Williams. The club will meet at 8 o'clock Wednesday night, October 10th, in the parlor of the Boys' dormitory. Any students desiring membership to the club should hand their application to Milbert Bible, secretary, before that time.

Volunteer Band  
Holds Meetings

The Ministerial Association and Volunteer Band have met four times since the beginning of the new College Term. At the first meeting the various members discussed their experiences of the summer. The second meeting was called expressly for the purpose of electing officers for the first semester. The following were selected to serve as The Volunteer Band Officers — Dorothy Neiser, President; Lorayne Schreckengost, Vice-President; June Lewis, Secretary and Treasurer, and Dorothy Bennett, Song Leader. Ministerial Association officers were elected as follows—John Hall, President; Leslie Wood, Vice-President, and Raymond Phillips, Secretary and Treasurer.

The last two meetings have been dedicated to the presentation of programs conducted both by the young woman and young men of the organization. These programs have been exceptionally interesting and highly inspirational.

The two organizations, which actually operate as a unit, have as their purpose this year to grow into the fullness and the richness of Christ Jesus, and to bring His Message of love and hope to the students of Milligan College. Such an objective can be consummated only by the earnestness of the members of the group, and by the heartiest cooperation of every student in this institution. We cordially urge and invite you to join with us in lifting high the banner of the Cross and to make this year one that shall be consecrated to the glorification of our Lord and Master—even Jesus Christ.

Faculty Opens Social  
Season With Reception

The social season of Milligan College was opened this year with one of the most brilliant faculty receptions in the history of Milligan College. The line, composed of faculty members and friends, wore their most benevolent smiles as they viewed with earnest enthusiasm, the passing throng of old and new students. In spite of the down-pour of rain, one could see the ladies in white, blue, green or most any of the fashionable shades of organdy. The boys were most unusual this year, turning out in black and white. After several good handshakes the party assembled strolled to the Administration building where they were delightfully entertained. The program was well accepted judging by the generous applauding. The campus lights illuminated various corners and nooks from which you were able to see smiling lads and lassies. The punch was served from a huge extravagant looking bowl and received a rushing of many couples for first place.

At the sound of the bell, all departed exclaiming, "what a delightful evening."

GIRLS' ATHLETIC  
CLUB ORGANIZES

The first meeting of the Girls' "M" Club was held to make plans for this year which included the selection of sweaters for members of good standing, presenting of gold "M's" to seniors, appointment of a committee to draw up a new constitution, and to rearrange the present point system.

The second meeting of the "M" Club was devoted to planning a social which was held at Davis' Spring. The members of the Girls' "M" Club and friends left in a body chaperoned by Mrs. Derthick, Mrs. Bowman, Mrs. Eyler, and Dean Eyler.

During the past few years the Girls' "M" Club has not been a very active organization due to lack of support of the student body. With the inauguration of their new officers, the Girls' "M" Club has resolved to increase the interest in girls' sports and provide intercollegiate teams. Special instruction is being given in tennis and swimming this semester, and will be carried over into other activities next semester. A well-rounded athletic program for all the girls is the aim of the Girls' "M" Club this year.

Mrs. Eyler, Director of Girls' Physical Education, is looking to the "M" Club to help sponsor recreation among all the girls and to promote activities which they can continue after they leave college. For this reason it is very desirable that every girl at Milligan learn to play tennis and to swim.

The officers of the Girls' "M" Club were elected at the annual banquet of the "M" Club last spring. The following girls were elected to office:

President, Iva Crabtree.  
Vice-President, Ruth Walker.  
Sec'y-Treas., "Sunny" Williams.

Forensic Council  
Elects Officers

The Forensic Council for 1934-1935 held its first meeting Thursday afternoon, Sept. 27, in Prof. Burn's classroom. The purpose of this meeting was to elect officers for the ensuing year. With Ruth Walker as President, Marvin Lowe as Vice-President, Ben Wah Kail as Secretary and Treasurer, and Sunshine Williams as Manager, The Forensic Council is anticipating a very successful season.

With definite plans for spring intercollegiate contests already made and with several debates, including a girl's debate with Maryville already scheduled, the Forensic Club extends an invitation to both new and old students to participate in its program this year.

Special emphasis will be placed on orations and ex-temperaneous speeches, which will be main features at the spring convention.

Miss Belcher, as girls' debate Coach, is pleased with the prospects this year, and is expecting an interesting season.

ENROLLMENT FOR  
NEW YEAR GOES  
OVER 250 MARKCantrell, Lacey, Show Good  
Work In Field; Freshmen  
Enrollment Large.

Following the many trials and tribulations of Registration Day, Tuesday, Sept. 4th, it was revealed that the number of students enrolled at Milligan for the year 1934-1935 was larger than that of any previous year. The total enrollment is approximately two hundred fifty students including one hundred and nine freshmen, and some thirty-five day students. There seems to be no doubt that Milligan has entered a distinct period of expansion and growth.

Perhaps the outstanding fact in the above is the unusually large freshman class. This is primarily due to the diligent and painstaking work of the school's representatives, Mr. Steve Lacey, and Miss Nancy Cantrell. Not only is the class large, but also it is representative of practically every section of the country. In fact, the student body this year includes members from Rhode Island to California, and from Michigan to Florida.

Another unusual characteristic of the student body is the increased number of day students largely drawn from the neighboring cities of Johnson City, Erwin and Elizabethton. More liberal terms to day students largely account for this, these terms representing a part of the policy of Milligan to encourage many to receive an education who would otherwise fail to do so. A favorable indication as to the success of this plan is the fact that so many are taking advantage of the increased opportunity. And yet, in spite of the increase in the student body, the seeming necessary difficulties and inadjustments have failed to materialize. Strange as it may seem, the exact opposite has been true. All the older students and faculty members are commenting on the unusual ease with which new students have become acquainted and have adapted themselves to their new surroundings. As usual, the event which means so much at the beginning of the school year in making acquaintances, the Faculty Reception, this year held Friday, September 7th served as an excellent means in bringing strange students together, and in enabling timid freshmen to meet their "ideal". President Derthick, of course, displayed his unexcelled ability in this connection.

After considering the many favorable aspects of the new school year, it is but natural for us to echo President Derthick's words, "this will be the best and happiest of all years at Milligan College."

# THE MILLIGAN STAMPEDE

This publication endeavors to foster the ideals for which the student body is ever striving; namely, higher scholarship, cleaner sportsmanship, and finer comradeship. It endeavors to represent the school in all its aspects and to print, in an accurate and engaging way, everything of news interest concerning it.

## Milligan Spirit

The two outstanding characteristics which have always been applicable to Milligan College are first, plenty of school spirit, and second, plenty of school spirit. Although we have not been able to boast the huge enrollment of many institutions of higher learning, and though we have not been so universally well-known as some colleges, we have always been able to challenge any school anywhere to prove its superiority in the realm of spirit, pep, zest or whatever else you may call it.

Knowing the above to be true, every loyal Milliganite is more than anxious that the present school year prove itself in no way inferior to those in the past. Every campus activity indicates that administrative officials, faculty members, and students are loyally cooperating in an united effort to reach the goal of a better and happier year than that ever before experienced here on the "classic hill."

For example, the football team, under the expert tutelage of Coach Steve Lacy has started the season off with a bang and gives every indication of being a real power in the Conference. In conjunction with this, the student support has been excellent, rising to almost inconceivable height in the last game. Furthermore, the Senior Class is carrying out a constructive program of service such as has never before been put into practice at Milligan College. Its good effects are already perceptible in the ready adjustment of our large freshman class to college life.

## Will You Support The Stampede?

For several weeks there has been a good deal of discussion as to the possibility of editing a school paper. Much of this discussion definitely entered the realm of pessimism, various limitations and difficulties being pointed out which on first thought seemed insurmountable and which distinctly challenged the feasibility of carrying out the project. However, after continued consideration of the numerous obstacles it was decided that they were not so exceedingly difficult, but that the worth and value of a school news organ would much more than overbalance them. With this in mind and sponsored by the Senior Class, an organization was brought into being to make of the proposed project a reality and to enlist the support of every student, faculty member or anyone else interested in the welfare of Milligan College. As a result, the Milligan Stampede is entering its second consecutive year of existence.

The first indications of student support were definitely bright and for this we wish to thank you sincerely. But we also wish to remind you that it is always relatively easy to support any undertaking at the beginning. Often when the defects begin to appear, loyal support fades to nothingness, or else takes the form of hostility. This immediately brings to the forefront the all-important question, "will your support of the 'Stampede' be continued and unabated?"

By this we do not mean that we fear criticism. In fact, we seek after and welcome criticism so long as it is positive and fact-finding rather than negative and fault-finding. In other words we simply ask for your cooperation, in which necessarily lies your support.

# COLLEGE BANTER IN WINCHELL MANNER

## Warning!

To all Buffaleers and Buffalettes! If there are any skeletons in the dormitory closets, we hereby issue public warning to lock the door, bury the key and maintain an armed guard over the portal, because the "Buffalo He(a)rd" is out! Edited this year in Wintchull Manor, we spare none! Below we find some of the impressions received during the opening weeks of school. Since school has started; we have found a variety of new students, new personalities, new material and new girls, all of which can be counted in Round Figures.

Back to Conference this year (That old standby for Winchell Columns!) we find that Turley Oakley is the only steady man left. He'll soon learn better, huh Elsie? J. W. (Woman's Home Companion) Johnson says that if Erwin, Tennessee was 150 miles away, he might become a regular member also. Oh Yeah? Whitman (Roman Hands) Evans is one of the other "only ones left" on the campus, and he can't make up his mind as to what to do with his WHT. May we suggest a remedy, Whit? Among our female friends, we have one who writes home that she rates all the Sophomore boys here. Don't you wish you could be modest? By the way, Miss Hennessee, since you have narrowed the race down to Delton (I-Like-That-Little) Perry and Little Crum Akers, can you give us the dope on who is to place first? We would all like to place our bets.

We have heard that Richard Ayers is perfectly willing to furnish one-half of the much-desired and traditional wedding ceremony after Commencement. And there is the crack that is roaming the

dormitories that Florida Leedy was seen standing out in the road in the pouring rain with a raincoat over his arm and a book in his hand. When Deutsch asked him why he didn't put on his raincoat, he answered that he had a book in his hand and it wouldn't go thru the sleeve. Leedy also uses as his Password, "Get my mail and Eyler's, will ya?" Speaking of Dean Eyler, it seems that in answer to an order put to him in connection with the strength of his rahdio, Marvin (Editor) Lowe replied with a loud "Tell Dean he's crazy!" Dean, who was quietly standing unnoticed by the door came back with "How crazy, Lowe?" and walked out. Lowe didn't fully recover his speech-making abilities until that memorable speech in Chapel last Thursday. We would also like to ask Mr. Abbott whether or not it is a toss-up between Minnie Comman, Elizabeth Williams, and that village girl! We also notice that Jimmy Gorman is growing a mustache on the installment plan (A little Down each week!) We have also found a new method of courtship in our investigations, having heard that Bill Davis goes out to play golf with his girl-friend's mother. That seems to be a case of swinging clubs with, not at, one's future mother-in-law. Is that the truth that Little Capitola has added another "Jimmie" to her list? It seems to be a Farmer this time.

And so we close the first edition of "A Buffalo He(a)rd."—Watch your step from now on—our men are everywhere; they lurk in the dorms, on the campus; they may hide behind the stone steps to the football field or in your boudoir, so plug up the keyhole and watch our next issue. You can't win!

## NEWS ABOUT THE NEW

Two new and interesting people have invaded the highest realm of this institution of higher learning. Sketches from the lives of these two new faculty members are given in the following paragraphs:

A shy, silent and apparently young man in a grey, well-fitting tailored suit, medium and stout, sat uneasily in an easy chair in his apartment in the J. O. Cheek Bldg., Oct. 3, for an interview by a young lady, with no personal interest, but merely to inform the student of what we really have in the new professors of this year.

Dr. George Conrad Sceck was born in Franklin, Nebraska. He is the son of Herman Sceck, native of Germany, having come to America when twenty-two years of age and who is now living in Craighton, Nebraska as a successful merchant and farmer.

At an early age Dr. Sceck entered the Nebraska Wesleyan University, Lincoln, Nebraska. While a sophomore there he began studying psychology. After having received his A. B. he entered Boston School of Theology where he did graduate work and finishing there in '27 he was called to the Pacific Coast to fill in a vacancy made by one of the professors who was working on his doctor's degree at Harvard.

In the summer of '28 he entered the University of Michigan, taking work in Philosophy and Psychology and the following winter entered Harvard continuing along his special field of Philosophy and Psychology. While at Harvard he assisted Dr. Rand editing Loch's Essay—

In '32 he entered the Graduate School at Boston where he received his Masters. In '34 he drifted back to University of Michigan where he received his Doctors and also a certificate enabling him to teach in the state of Michigan.

Now comes the rub, Girls! At the end of the second semester of last year, he left Ann Arbor, Michigan and took the route by Franklin, Neb., where he found someone to love, cherish and obey—In other words, she took him for better or for worse which is proving to be the former, and Gladys Russell Sceck is the Shero.

And thus the story begins. We wish for them many happy returns of the day.

Our other new faculty member, the music teacher, Miss Margaretta Arlien Wright, comes to us from East Orange, New Jersey although she was born in Philadelphia, Pennsylvania, how many years ago we are in no position to say.

Before coming to Milligan, Miss Wright was teaching music in the first eight grades of the East Orange school—She has been closely linked with music all her life studying at the Institution of Musical Art in New York City, and at Teachers' College, Columbia University. While attending college, she taught music and later assisting and tutoring at Columbia also special music with church choirs. Ever since 1926 she has been a music teacher in church and community houses and gave private lessons. She was at one time connected with a chorus in New York City. We must not forget to tell that her voice has often been heard over the National Broadcasting Co.

Besides her musical interests, Miss Wright enjoys swimming, hiking, and tennis, having won a championship in tennis at East Orange. She loves the mountains and the moon and is especially fond of the "big dipper when it sits on the mountain."

When asked about her relatives and ancestors, she said, "I'm an American, but Father's ancestors were English and really I think they are very disreputable people." We learned though that among them was a very noted judge in England so we'll have to let that pass. She was a little more complimentary of her maternal ancestors saying that they came from Southern Delaware and were Indians, but you would never guess it by her slight figure and red hair as she prefers to call it. The red hair she says is characteristic of her father, S. G. Wright, whom we could easily picture as a janitor or a lawyer because she flatly refused to tell us his profession, so you can reach your own conclusions.

We must say that we are glad to have Miss Wright here and welcome her as our music teacher and to know she is happy in her work even if she does like star baths, whatever they are. Most of all we like to hear her say "Gee, I like it just fine down here."

# ON TO CARSON-NEWMAN

## Bufs Win First Conference Game From Appalachia

The Buffaloes showed great power in the first conference game of the season by defeating a strong Appalachian team from Boone, N. C., 12 to 0. Coach Barbee brought one of the heaviest teams to Elizabethton last Friday night that has been seen on Bemberg field in many years. Not only was the Appalachian team heavy and fast but it was composed of many experienced men. With Trippony, an all-state back for the past two seasons, Coach Barbee had one of the fastest stepping back-field combinations in the conference.

After the "Bufs" first kicked off to the Boone Mountaineers, Trippony smashed through the Buffalo line for several nice gains. In fact, Boone had the ball on the Buffalo 15 yard line in the first five minutes. But the "Bufs" took time out and got organized for the Boone clan. From this time on, the Buffalo line completely bottled up Trippony and his running mates. Holding for downs, the "Bufs" took possession of the ball on their own 17 yard line. Glester Harvey got off a long punt and the ball remained in mid-field for the rest of the quarter.

The second quarter found both teams playing for breaks in a hard down-pour of rain. In fact, the entire quarter was a punting-duel between Glester Harvey and Weaver for the Boone team. However, Harvey had very little trouble in out-punting the Appalachian half-back. Time after time, the Buffalo punter got off long punts over the Boone safety man. One of the greatest features of the game was a 77 yard punt by Harvey in the latter part of the half. The first half ended with Milligan on Appalachian's 30-yard line as a result of Harvey's long punt.

Boone found in the first half that they could not score over the hard charging Buffalo line. With a quarterback taking every chance to score, Boone opened the second half with a great passing attack. But the "Bufs" rushed the Appalachians passes so fast that he fumbled and a Milligan linesman recovered on Boone's 49 yard line. From this time on the Buffaloes threatened the entire third quarter. Carl Stephens and Elmer Harvey battered the Boone line for gain after gain but the "Bufs" could never put over the touchdown in the third period.

After playing a cautious game for three quarters, the Buffaloes opened the fourth period determined to score by taking every chance. With the ball on the Boone 30 yard line, Elmer Baker and Elmer Harvey smashed center for 11

## Bufs Open Season; Beating Lees-McRae

In the opening game of the season, Coach Lacey's Buffaloes downed the Lees-McRae Bulldogs from Banner Elk, N. C., 25-0. Coach Dickerson brought a heavy team to Elizabethton to battle the Bufs, but the Bulldogs never threatened to score during the entire game. However, practically all the first quarter was savagely fought in mid-field with neither team being able to get away for any long gains. With only a few minutes remaining in the first period, the Buffaloes took the ball on their own 25 yard line and drove it to the Bulldog 40 yard marker. On the next play, Carl Stephens shifted left end behind good blocking for a touchdown. Erwin's kick for extra point was low, and the first quarter ended 6-0.

From this time on, the "Bufs" completely outplayed the Bulls team. From behind a hard charging line, the Buffalo backfield ran wild. Time after time, Baker and Stephens followed an array of Milligan blockers, led by the Harvey brothers for long gains.

After fighting for several minutes in the second quarter, Baker took the ball on Lees-McRae 35 and went off tackle for a second touchdown. Erwin made the extra point and Coach Lacey sent in an entire new team as the first half ended.

The same team that ended the second quarter opened the second half for the Buffaloes. Both teams were evenly matched and the entire quarter was fought in mid-field with neither team scoring. At the opening of the fourth quarter, Coach Lacey sent in the first string. On the second play, Stephens got away for a 55 yard run that ended in a touchdown. Again Erwin's kick for the extra point was low, and the Buffaloes led by a score of 19-0.

yards. On the next play Stephens went off tackle for 9 yards placing the ball on the 20 yard strip. Glester Harvey hit center hard for 12 yards and Elmer Harvey took the ball through center dragging the entire Boone line over the goal line. Erwin's kick was low and the "Bufs" were leading 6-0 with only 5 minutes remaining.

On the next play Elmer Harvey again crashed through center for the second touchdown. Erwin failed to kick extra point as the game ended 12-0.

## Boys "M" Club Elects For Coming Year

The "M" Club held its first meeting of the year September 13, 1934, the meeting being called by Boggess Culvahouse, Secretary and Treasurer for the last semester of 1934. The purpose of the meeting was to elect officers for the first semester of this year. The following officers were elected by the club: Boggess Culvahouse, President; Cameron Duggins, Vice President; Starling Woods, Secretary and Treasurer. The Club is anticipating great success under the leadership and guidance of these capable officers. Several committees were elected for the purpose of carrying an active work throughout the year. The committee for the selection of cheer leaders is composed of: Elmer Baker, Edward Vogel, Milbert Bible, and Percy Grant; the Program Committee is composed of: Clarence Irvin, Mervin McCloskey, Carl Stephens, and Steve Lacey; Cameron Duggins, Raymond Anderson, James Saunders, and Luke Gaffin comprise the Chapel Program Committee.

The "M" Club is one of the most active organizations at Milligan College. At all times the "M" Club is endeavoring to cooperate with the student body and faculty to the best of its ability. The members try to promote friendly relationships off and on the football field and basketball court. Wherever an "M" Club Member displays his "M" upon his chest or comes in contact with the people of the outside world, he tries to conduct himself as a gentleman so that there will be no dishonesty reflected upon the sacred letter "M".

### FOOTBALL SCHEDULE FOR 1934

- Oct. 6—Carson-Newman.
- Oct. 13—Hiawasee.
- Oct. 27—Cullowee.
- Nov. 2—King.
- Nov. 10—Tusculum.
- Nov. 17—Mars Hill.
- Nov. 29—Teacher's College.

## BUFFALOES MEET CARSON-NEWMAN EAGLES THERE

### Facing Toughest Assignment Of Season Against Last Year's Champs.

Milligan's Buffaloes face probably the toughest assignment of the current season Saturday afternoon when they lock horns with last year's conference champions, the Carson-Newman Eagles in Jefferson City. In the last two games played between these teams Carson-Newman has scored exactly 109 points to 6 for Milligan, but Coach Lacey and his conference-leading Buffaloes predict a different story this year after seeing Carson-Newman barely eke out a 7-0 win over Western Carolina Teachers last Saturday. The Buffaloes, fresh from two victories over Appalachian Teachers and Lees-McRae, are preparing to "shoot the well-known works" in their effort to keep the conference lead, and show the Eagles out of the title chase. Everyone on the squad is in the finest condition except the Harvey brothers who have minor rib injuries.

The shining light in last Friday's game was the work of Kiser at tackle playing his first year for the Lacey-men, and the Veteran, Luke Gaffin, erstwhile tackle, who played a bang-up game at center, intercepting a pass that led to a much-needed Milligan touchdown. Gaffin, due to his weight seems to have circled the center position; however, Newt Williams will see much service before the final whistle blows. Elmer Harvey whose blocking has been the talk of the entire section surprised spectators and players alike last Friday by scoring both the Milligan touchdowns. He plunged the line for gains just when they were most needed, so don't be surprised if he repeats this performance against Carson-Newman.

Carson-Newman is far from being the power they were last year. Firpo Smith, Poopy Davis and Moonbeam Childress are all gone from the line, and a new team is playing made up of last year's reserves and freshman. In the backfield Ward, McDaniel and Henderson, all hold-overs, form a strong combination, assisted by Green, a sophomore line man, whose hiding is said to rival that of Childress, last year's captain and star. Carson-Newman has not been rated highly in pre-season days, but those who have watched Smoky Mountain Conference football in past years know that Coach Frosty Holt will place a strong eleven on the field.

At a glance, the teams seem to be about evenly matched and those who go to the game will see a battle between a team which in past years has been in the doldrums, and one which has been at the height and appears to be in the sown-grade. Neither of the teams appear to be of championship calibre, but the winner will be regarded as a dangerous opponent when they face King and Teachers College who are said to have fast teams.

### SOCIETY NEWS ABOUT MILLIGAN STUDENTS

By Ben Wah Kail

Roger Derthick, son of President and Mrs. H. J. Derthick left a few days ago for the University of Tennessee at Knoxville, where he will pursue his scholastic studies in order to receive his Master of Arts degree. It was not without some degree of regret that the students watched Roger take leave of his Alma Mater where he has been prominent in the social and academic activities throughout his career at Milligan College.

Miss Nancy Cantrell, representative of the college, took leave of her new flock of Freshman girls, Monday, October first to return to her home in Waynesboro, Tennessee. Miss Cantrell will spend a part of the winter months there before starting another campaign for new Milligan students.

Mr. and Mrs. Francis Derthick and children of Etowah, Tennessee, arrived last week as guests of President and Mrs. H. J. Derthick. Mr. Derthick returned to Etowah to resume his work in the capacity of football coach of the Etowah High School, leaving Mrs. Derthick and the four children for an extended visit with the President and his wife.

Mr. Glen Kilday of Greeneville, Tennessee, has been a frequent visitor on the campus as the guest of Kyle Cross.

Miss Tennja of Rhea Springs, Tennessee returned from a brief visit with Miss Yetiva Varner and other friends on the campus.

Mr. Art Woods of Morristown favored the college with two week-end visits during the first four weeks. Mr. Bob Hilsenbeck was his hospitable host.

Miss Frances Burke of Memphis, Tennessee spent several days at the first of school at Hardin Hall, guest of Misses

### Social Held in Gym Entertains Students

Saturday nite, September 29, saw one of the gayest and most entertaining programs offered the students since the beginning of the school year.

Approximately the entire student body was present in the gym, and tripped the light fantastic under the direction of Richard Ayers and Dudley Culvahouse.

During the first intermission, Miss Nancy Cantrell gave a burlesque reading on "Stage characters", and later Miss Marguerite Wright sang the "Indian Love Call" to the great enthusiasm of the assembly.

Beatrice Rice, Nellie Cox, Mary Adamson, and Rosie Gray.

Miss Leona Engle, a graduate of last year, is seen almost weekly on the campus in company with Mr. Raymond Phillips.

A wedding of recent date and of considerable interest to students of Milligan College, is that of Miss Anna Ruth Honeycutt and Mr. Harlis Bolling. Both are former students of the college and Mr. Bolling is now attending Vanderbilt having received a medical scholarship at the end of his Senior year at Milligan.

After several more folk dances which included the Virginia Reel and a Square Dance, Miss Juliette Lodter and Miss Sunshine Williams did a comic dance which was the highlight of the evening. It was very capably presented and received the unanimous approval of the audience.

Another folk dance concluded the evenings program, and the students dispersed to talk over the fine time and plan for the next Social.

This idea of having Saturday nite socials was inaugurated last year, and no doubt will continue to entertain the students at intervals again this year if they will cooperate in putting over the program.
