Those who have worked with DOROTHY KEISTER say:

"Her personal commitment to Christ and her background of training and experience qualify Miss Dorothy Keister to render an outstanding service to any congregation of our people. To know her is to love her. She will lead you to love Christ."

REUBEN ANDERSON, First Christian Church, Long Beach, Calif.

"Our church board at the Lockland Christian Church has voted unanimously to have Miss Dorothy back with us for another series of meetings to direct visitation and handle the music this next year. She is deeply consecrated and unusually well-qualified for the Lord's work. She is the type that can repeat in a congregation with splendid effectiveness. Others should plan to use her whenever possible. They will not regret it."

HUGH SENSIBAUGH, Lockland Christian Church, Cincinnati, Ohio

"You have a splendid idea here. Your purpose is clearly defined. The need is great. You are well qualified to meet that need in the churches in our brotherhood. The experience you gained in the years spent in evangelism will help tremendously in analyzing the situation in each church you enter and in helping determine the approach needed."

EARNEST CHAMBERLAIN, West Seattle Church, Seattle, Washington

"As Miss Keister's minister at the time of her ordination to the Christian ministry, it was my conviction that here was a person of unusual gifts. How grateful I was to know that they were being offered for special use in the ministry of Christ. She has an unusual grasp of the essence of the Gospel and of the Christian faith. She is a student of Church History. Her education for the teaching profession equips her in the field of Christian Education. She is deeply concerned that the women of the churches use to the full their capacities. Her Mission to Women can be effective in harnessing the woman power of the church and allying it with the minister and the men to provide a full-orbed local church. It is a pleasure to commend her to your church."

WILLIAM THOMPSON, Administrator, Christian Missionary Fellowship

"I feel there is a need for this program tailored to fit the individual congregations. I am sure it will inspire and enlighten women. You should find a fine opportunity for service in this area. In fact, I boosted your program to one or two people out here in preacher's meeting."

JESS JOHNSON, St. John's Christian Church, Portland, Oregon.

"In my classes at Butler University Miss Keister was a student superior in accuracy, insight and understanding. Among the students she came to be known for intelligent and warmhearted dedication to Christ. In evangelistic services she has disclosed these same qualities through a winsome personality and remarkable energy. The combination of these experiences and qualities suggest that the projected Mission to Women has unusual potential in the service of the Churches.
