## IN MEMORIAM

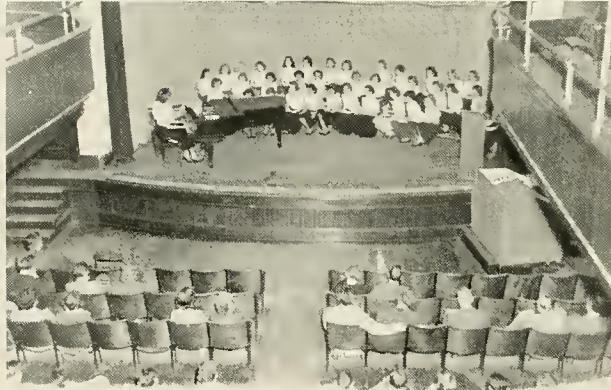

Mother Meacham came to Milligan College and served as housemother for Hardin Hall for five and one-half years. Before this she and her husband, the late Mr. E. J. Meacham, were at Sabina, Ohio, where he was minister of the Christian Church. Much of her time was spent in beautifying the campus and in helping and ministering to the girls. Her life was not in vain for she taught to all life's sweetest and dearest lessons: Hope, patience, faith, humility and love most true.

*"He giveth his beloved sleep."*

Psalm 127:2

# FOUNDER'S DAY

One day that is outstanding in the memory of a Milligan student is the celebrated occasion known as Founder's Day. Each year for this celebration, alumni return to Milligan to share a day of festivity with old friends and current students.

The highlight of the day's busy activities is a banquet held in Cheek gymnasium to pay respect to all who have shared in making Milligan College the great institution it is. Special recognition is given to Josephus Hopwood, the founder of Milligan College.

With the selection of Founder's Day Daughter, the day's activities come to a close. From among eight lovely candidates, Miss Alice MacDonald from Johnson City, Tennessee, sponsored by the Phi Eta Tau and Physical Education Clubs, won the coveted honor.

Again, we the great family of Milligan College have been proud to share in this memorable occasion — Founder's Day.

## BASKETBALL WITH THE BUFFALOES

Phil and Sam, co-captains of the '52-'53 Buffs, are two outstanding men in the game of basketball. Both fellows lettered in their freshman year at Milligan, a feat worthy of mentioning in itself, and since that time they have been steadily improving from year to year.

Sam, from Mountain City, Tennessee, is a business administration major and was captain of the '51-'52 Buffaloes.

Phil, from Hillsboro, Ohio, is a psychology major and was voted the best athlete by the student body.

Both are members of the junior class.

Milligan College is indeed fortunate to have as its coach Duard Walker. His character and personality are such as to influence boys to become not only better men on the courts, but also better men in the art of living.

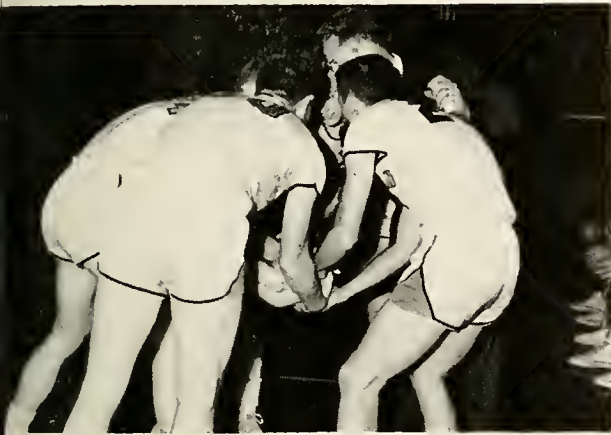

Our basketball team gave us many minutes of fast and exciting play during the past season. Some of the fellows are shown here in action during games with State, Tusculum, and Austin Peay

## BASEBALL

Baseball is one of the varsity sports actively participated in by Milligan College from year to year. Although last year's team had a poor record from the won and lost standpoint of view, much interest was created by the undying courage exhibited by members of the team as they fought down to the last out against overwhelming odds. Pitching, as in years past seems to be the chief weakness in this year's aggregation; but, with the return of outstanding lettermen and the large crop of freshman candidates cut for the team, this could be a good year for the Buffs.

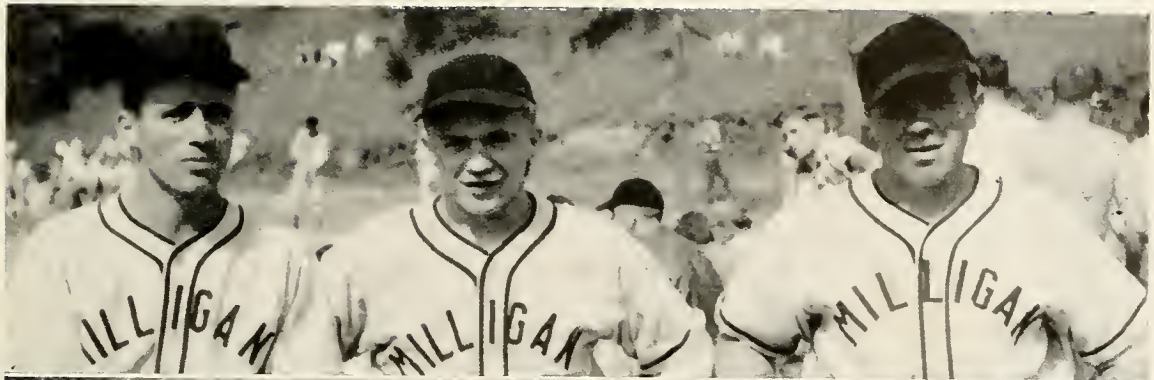

### RETURNING LETTERMEN

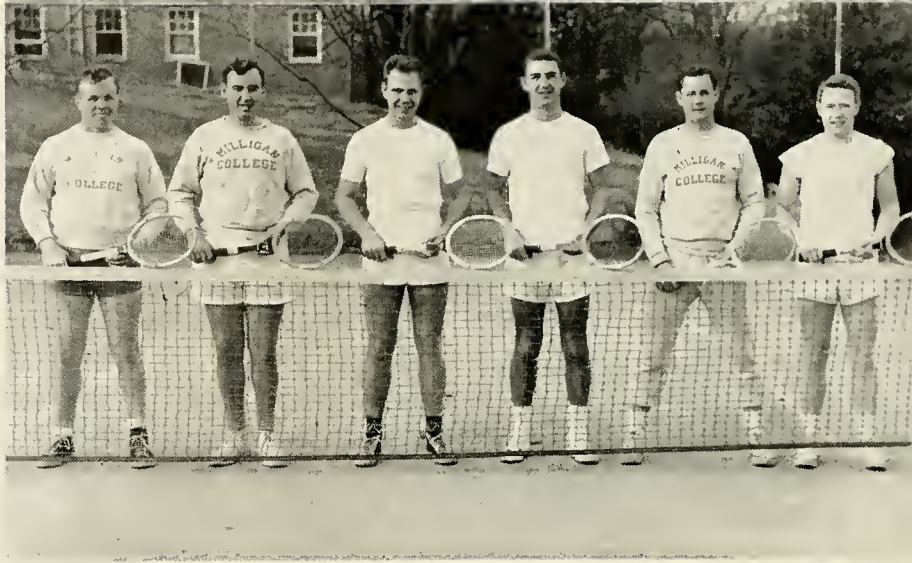

Row 1 — Leonard Gallimore, Tom Hawks, Randolph "Red" Lions.

Row 2 — Don Taylor, Fred Whitaker, James "Ears" Fox.

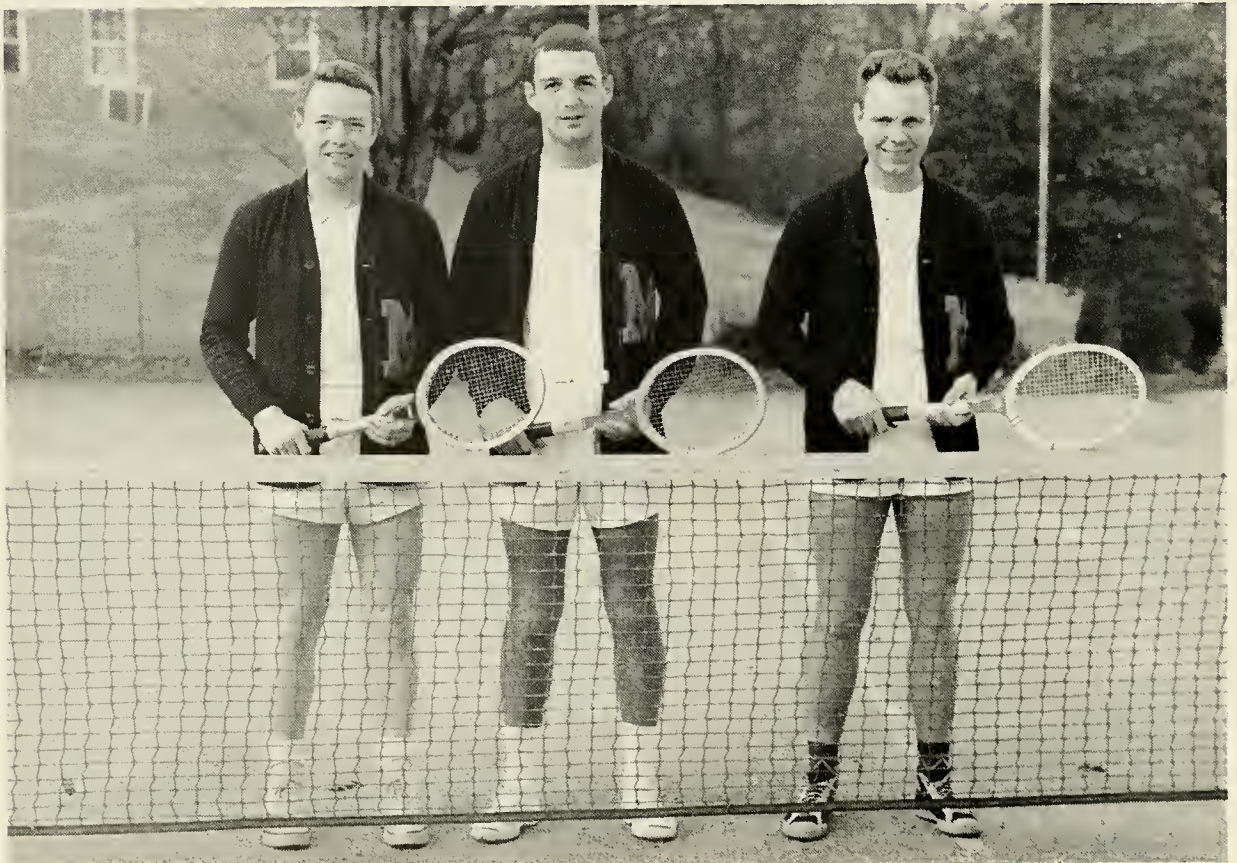

*Play Ball*

This year's team will be composed of three returning lettermen and several newcomers. If the lack of experience doesn't prevail, the team should have a successful season.

## LOOKING AHEAD IN TEXTILES

The world's oldest manufacturing industry — textiles — is today one of the most exciting and challenging industries, producing revolutionary textile products with qualities which men have sought for centuries. Man-made fibers, new products of the chemist's test-tube, have been a major contributor to this textile progress. A small textile producer in 1923, Burlington Mills has become a leader in the development and production of beautiful, durable and high-quality filament, spun and knit synthetic fabrics. From one plant with approximately 200 employees, our Company has grown to include 75 manufacturing plants in 46 communities of eight states and four foreign countries. It is a recognized leader in the designing, development, research, merchandising and fashion fields as well as manufacturing. If you are a young man or woman looking for a place in industry, we think you should consider textile — and Burlington. It can hold a bright future for the person with the willingness to learn, ability to work, and the natural interest in this fascinating and competitive field.
