campus life

this is how we do it

The Spanish steps are a popular hang out for visitors to Rome. Sadly, there were very few pigeons to chase.

was ist das? humanities tour 2008

The 2008 Humanities Tour was the adventure of a lifetime. For three weeks, students traveled throughout Western Europe, visiting the capitals of Italy, France, England, the Netherlands, Germany, and Prague.

Led by Professor Kenny Suit, Ms. Traci Smith, and Dr. Carrie Swanay, the tour visited over twenty museums over the course of the three-

week trip. Though they wandered through Ancient Rome, the majority of the tour focused on modern art and history. Highlights included the Bauhaus Museum in Berlin, the Louvre in Paris, and the Museum of Communism in Prague.

going once, going twice, sold! to the girl in the front row

The annual Bachelor Auction was a magnificent success once again, as eligible gentlemen strutted their stuff on the Cafe Catwalk, emceed and auctioned off by the fantastic Katie Huff. As always, the young ladies of Milligan chose their TWIRP week dates carefully. While some wanted a single hunk, other, more daring girls went all out and bid on the duos. One of the greatest successes of the event was the Barber-shop Quartet, who sang their way into the hearts of the ladies. As one bidder said when asked about her bidding choices, "Why choose just one when you can have them all?"

Katie Huff does her best to make Aaron Wood attractive. Most of the bachelors described their dream dates in hopes of enticing more bids.

fall formal around the world

Our night out took place in the beautiful Carnegie Hotel this year. Everyone dressed in elegant garb enjoying the opportunity to shine. As usual, DJ Craig was in charge of the awesome music. We heard everything from group dances such as "Paper Planes," "Time Warp," and "Thriller," to slow, dreamy tunes from Frank Sinatra. Hailey Williams headed up the dance committee with her fresh ideas. The evening turned out to be a success and many left exhausted from dancing the night away.

Get in the Spirit

Homecoming 2008

It's the time of year when the leaves are changing color, there's a hint of frost in the air, and people start coming back to their homes. Milligan's Homecoming is always packed with former students and faculty who make the school their home away from home. This year was the second year with Brutus the Buffalo, a now-permanent fixture at athletic and campus events. The second annual Powder Puff football game also took place, and the upperclassmen stomped the underclassmen. The Homecoming parade took people by surprise; it was one of the best in recent memory. By the end of the week, everyone was revitalized with school spirit.

Step into the Spotlight

Broadway Review '08

This Fall, Milligan's Orchestra and Choir joined forces to present the 2008 Broadway Review. Under the direction of Dr. Brown and Dr. Wakefield the two groups put in long hours rehearsing, choreographing, and getting over their fear of the orchestra pit. All their hard work paid off as they opened to a packed house of expectant patrons. The event presented a wide range of talented Buffs performing a variety of Broadway musical hits. From classics like Annie and Oklahoma to less conventional works, the Review hit a variety of notes, but all of them rang true.

Alex Henderson and Kristie Strand proved that a little Monty Python is never a bad thing with their piece from Spamalot.

Saving the Greeks: One Tragedy At a Time

by Jason Pizzarello

The stage goes dark, and out steps a single figure. As with all ancient Greek plays, the actor wears a mask. It is an old man, Aristotle, he claims, but before he can get much further, he is interrupted by a couple of men who want to incite a rebellion. Thus begins the hilarity that is *Saving the Greeks: One Tragedy at a Time*. The play follows the ragtag duo of Dialysis (Matt Roberts) and Peon (Grant Carpenter), who decide that they've had enough of Greek tragedy, and they want to save everyone who has ever suffered under the whims of the gods. They create Betterland, a land where no one ever has to die

tragically. Of course, things quickly go awry, and the two find that sometimes, a little tragedy is necessary for life to be good. With an all-star supporting cast, including B.J. Krug, Bri Curtis, Daniel Banks, Melanie Richards, Hannah Hughes, Dan Ott, Kaity Aigner, Jessica Saltsman, Sarah Green, Sabrina Graham, Katie Purchase, and Alison Emmert, the show was a bit like Monty Python taking on Aristotle.

Mr. Buff Pageant

Finest Men of Milligan

The first Mr. Buff contest was met by the rousing applause of a packed house in the Gregory Center on the 13th of February. Songs were sung, dances danced, and mini skirts were worn. Nine brave souls took to the stage to prove themselves worthy of being crowned the first Mr. Buff. The competition was fierce, with events ranging from evening-wear, to a talent competition, and a showing of school spirit. Organized by Kelly Alexander, the pageant's proceeds went to the junior class. The two hosts for the evening were Jess Carter and Nathan Flora. Judging the competition were five of Milligan's finest, Dr. Ruth Cook, Dr. David Campbell, Dean Mark Fox, Professor Isacc Nidiffer, and Coach Lisa Buckley.

jungle boogie wonderful wednesday

As winter turns into spring, students wake each morning hoping against hope for that elusive slip of paper that means classes have been cancelled and a day of mayhem and madness is on the schedule. This year, Wonderful Wednesday actually fell on a Wednesday, though it was much colder and rainier than most people hoped. "We didn't have much choice," said Hailey Williams, one of the planners of the event. "It was our

last date available - the first two had to be cancelled due to thunderstorms and snow." Despite the chilly weather, students found ways to celebrate the end of the school year. Many gathered for the annual Moo & Spew, while others chose the inflatables or the water slide. A few renegade students headed off campus for a relaxing day away from all the madness.

Under Milk Wood

A Play for Voices by Dylan Thomas

The spring production of Under Milk Wood was an all-around success. A play for voices, Under Milk Wood was directed by Kathleen Snyder with lighting and design by Pamela Adolphi. Featuring a large cast, the play told the story of the dreams of the inhabitants of a small Welsh village. Particular attention was given to Captain Cat (Will McVey), the salty sea sailor who kept his ear to the pulse of the town. Unlike most theatrical productions, Under Milk Wood required no set design and very simplistic costuming; the play has no action, only dialogue. It was a unique experience for the entire cast, most of whom had never seen reader's theatre, let alone participated in it.

what in the world? the one-act festival

Only during the One Act Festival could Trotsky, a fly, and Rothko share the stage. Student-directed short plays were performed on the Gregory Center stage during the last week of classes, much to the enjoyment of other students and local theatre enthusiasts. This year's directors were Katie Purchase, B.J. Krug, Daniel Wallen, Kaity Aigner, Bri Curtis, and Hailey Williams. Each of them chose a short play, held auditions, and directed their casts to greatness. While several of the cast members were theatre majors, others were first-time performers. The One Acts brought a little bit of laughter to the campus - a much needed release just before finals.

A Little Twisted..

Jr. Sr. 2009

This year's Jr. Sr. got just a little bit twisted with the theme of Twisted Elegance. Held once more in one of the Meadowview Convention Center's ballrooms, the event saw a large turn out for both the dinner and dancing that followed. It was one last night of fun and frivolity before the rigors of finals set in. Knowing this, all who attended threw themselves into the fun with great enthusiasm. Twisted it may have been, but it was a night to remember.

Moving On

Graduation 2009

Graduation is about new beginnings, closing one chapter of your life and starting another. For four years, these graduates have worked hard, played hard, and lived life to its fullest. Now they are ready to go out into the world, equipped with all that they have learned during their time at Milligan College. The world had better be ready for the stampede. These Buffs are set to go, and they have their sights aimed high.

Congratulations Class of 2009 and God bless!

It has taken Matt Roberts a bit longer than most, but he has finally graduated, his father must be proud.

The Campus Activities Board is in charge of all clubs and organizations on campus. The CAB also coordinates Wonderful Wednesday and off-campus outings, such as trips to Myrtle Beach. vespers

Led by Chris Wells and Autumn Pruitt, the student-run worship service was always popular. For many students, the candle-light service was the most important time of the week. Before each service, a prayer time was held. Vespers allows students to come together and worship how they want to worship in the company of friends.

praise the lord chapel

This year, there were a record-number of Chapel and Convocation services for students to attend. People came from literally all over the world to speak and worship in Chapel. One of the highlights was the steel drum band from Trinidad and Tobago. Other highlights included Hanna Masad, from Israel, and, of course, the student-led Senior Chapel service at the end of spring semester. Many students said that some of their favorite Chapel services took place this year.

it's time to party sub 7 coffee house

What would college be without a little fun? The Sub 7 Coffeehouse ensured that fun was always just a weekend away. Featuring local artists as well as several Open Mic nights, Sub 7 gave students an opportunity to see great musicians and artists. The big hits this year were Will Knox and Trey Lockerbie in the first semester. Also, the themed 80's Open Mic Night was huge. It was such a fun atmosphere and great to see and hear new voices during the open mic nights.

The FCA was an important fixture in Milligan sports this year. Prayers before the games, fan support during the games, and team support after gave the FCA a chance to improve team spirit through the love of Christ. club ultimate

Now a permanent fixture on Pardee Lawn, Club Ultimate played ultimate frisbee every Friday afternoon from 3:00 until the last two people decided it was time for dinner. Generally led by senior Dan Fultz and junior Clay Harmon, the club was an opportunity for frisbee enthusiasts to catch a game after classes ended. It was the ultimate (pun intended) way to welcome the weekend. While it seemed to be solely about having a good time, Club Ultimate also put pressure on the school to fix Pardee Lawn. Though Pardee Hall had been demolished almost twenty years ago, the foundations had not been razed, and they were starting to show through after years of constant frisbee-playing. This had resulted in several minor injuries over the years, and Club Ultimate requested that the lawn be fixed. This summer, a team came in and bulldozed the rest of the foundations, leveling the lawn to make it safer for frisbee players.

The Buffalo Ramblers, as always, planned and executed a series of hikes around the region. Led by the Drs. Magnus and Dr. Miller, the club spent time hiking in Dennis Cove, on Buffalo Mountain, and at the Beauty Spot. The Ramblers give students an opportunity to see parts of the region that they might otherwise not visit. They also planned hikes on Homecoming and Family Weekend, to allow parents and alumni to join in the celebration of the beautiful area surrounding the school.

cross-cultural missions

The Cross-Cultural Missions Committee serves, educates, inspires and equips students to work in missions throughout the world. To encourage this, they host several events throughout the year. In the fall, they host Missions Awareness Week, while in the spring, they help to host Justice Week. The CCMC also hosts monthly prayer nights, meals with local missions groups, and organizes fundraisers for missions-related causes.

habitat for humanity

Habitat for Humanity spent another year building homes for those in need. Their mission is to “work in partnership with God and people everywhere to develop communities with God’s people in need.” While the core of the club was small, many students and faculty not directly involved with the Milligan chapter helped out during the Saturday workdays.

-serving the community

linc

LINC serves as a hub for coordinating individual students with local community service organizations but also providing the college opportunities to partner with national service initiatives. This year, LINC sponsored several on-campus events, including the third annual Trunk-Or-Treat. LINC also partnered with ISL for MLKJ Day and for the Carver Center Library program.

The Institute for Servant Leadership (ISL) promoted service among students by providing scholarships to those who did volunteer service. This year's Junior Project was an effort to rehabilitate the Carver Center's library. Students held a book drive and organized work days to re-shelve the books and mark them for AR use. ISL also sponsored the last MLKJ service day, in which students spent the day working in the community in honor of Martin Luther King, Jr. instead of attending class. *story by Abby Banks, photos by Tim Hurtak*

Though a small club, Service Seekers makes a big impact on the community. Every week, the Service Seekers spent an evening at the Appalachian Christian Village visiting the elderly. The group would listen to stories and pray with the people they visited. Primarily led by Tim Hurtak and Stephen Morse, the Seekers made an effort to reach out to a group that college students have a tendency to ignore.

nursing

The Student Nurses' Association is an organization that exists to provide fellowship and student support for those in the nursing major. They also provide service and health promotion activities to the Milligan community. The SNA participated in several on-campus activities, including the Homecoming parade and Trunk-or-Treat. Their focus is to use the gifts and abilities given to them by God to serve Milligan and the surrounding community through nursing.

the honors societies

Milligan is home to many Greek honors societies, including Alpha Chi, Alpha Psi Omega, Mu Kappa, Omicron Psi, Phi Alpha Theta, and Psi Chi. While at first glance, the societies seem to be nothing but Alphabet Soup, each one has a specific purpose on campus. Alpha Chi is an honor society open to the top ten percent of students. Alpha Psi Omega is the theatre honor society, which hosts the Annual One Act Festival and supports the continuation of the Theatre for Young Audiences. Mu Kappa supports students who are the children of missionaries and international students. Omicron Psi is an honor society for non-traditional students who have a GPA of 3.0 or higher. Phi Alpha Theta, the history society, is one of the most active honors societies. Psi Chi is also extremely active; it is the psychology honors society.

wumc radio

The WUMC Radio took it to the internet this year, with online streaming - a first for the school radio. Shows and sports coverage were broadcast not only through the 90.5 FM station but also through the WUMC website (www.milliganradio.com). While some were skeptical of the change, most students were thrilled. Many parents who were too far away to visit were able to keep up with sports events through the new radio station. Also, those students who could not come to away games were able to keep up with sports scores through the site. "It's worked out really well," said one student. "I don't have to worry about how to get to a game, because it's right at my fingertips!"

The Foreign Language Enthusiasts Alliance was a combination of the French, Spanish, and German clubs. Created out of necessity while Dr. Ted Thomas was on sabbatical, FLEA made an effort to bring students of all languages together, no matter what sort of linguistic or cultural barriers they might face. Led by a coalition of four brave souls, the club made tie-dyed t-shirts proclaiming their new alliance. The club also visited local ethnic restaurants including El Torito, Freiberg's, and Cootie Brown's. "We would have gone to a French restaurant just to get the triumvirate, but the closest one is in Seymour. We wouldn't wish that trip on anyone," explained interim president Matt Roberts when asked about the lack of a French restaurant on the list. "Cootie's was the closest we could get, since they have New Orleans-style food."

The Photography Club spent its time encouraging photography among young children at a local community center in Johnson City. The group spent three weeks teaching kids about photography, letting them choose pictures they liked and learn how to talk about them, and giving them disposable cameras to take their own photographs. After developing the film for them, the club returned to the center and helped the children pick their favorites and matte them. "Photography as we know it is changing," said one member. "We want to teach the kids how to work with film, even if they're going to be using digital cameras when they get older."

wired

Milligan's television station, Wired (channel 95), brought campus news, sports coverage, and entertainment to the screens of all campus televisions. With a large staff directed by Carrie Swanay, Wired was a great way to combine the communications classes and much-needed campus information. Highlights of the show included "Shut Up and Listen with Scott Glisson" - a movie review segment - and the campus events section which covered everything from changes in the library to Wonderful Wednesday.

The Milligan Stampede provided not only news for the campus but also a venue for students to express their thoughts about the goings-on at the school. The Stampede was always the first source for Milligan news. Every week saw a new online edition, while print editions were released every third Friday. This year, the Stampede made an effort to include election coverage, with opposing articles by democrats and republicans during the fall. The Stampede also featured a microwave recipe guide and love advice from Andy Ford, the real Love Guru.

The Milligan Buffalo was the school yearbook. Many students do not realize it, but every year when they pay their campus activity fee, they're also purchasing a yearbook. This year, the Buffalo had its largest staff in several years, including several underclassmen. Led by Editor-in-Chief Abby Banks and Ads Manager Ellen Moore, the staff made an effort to include as much campus-wide coverage as possible. "This was kind of a building year," said Abby. "There are a lot of freshmen and sophomores on staff, and I hope they will continue the tradition of the yearbook. I'd really like to see it flourish after I step down."

The volleyball team had another tough season this year. Their overall record was 15-22, though they finished 9-9 in the conference, ranking fifth out of the ten conference teams. In the conference tournament, the team was beaten 0-3 by Montreat, who placed fourth in the conference. "Going in we knew it would be tough because we had battled with them in [the] regular season," said Head Coach Doneva Bays. "I felt like we were well prepared and focused, but just didn't execute as well as I had wanted. I wanted our season to end on a high note and we had a little let down in [the final] match. Degen, our lone senior, stayed consistent and a leader in our defense. We will definitely miss her next season."

Going for the goal

Practices, scrimmages, and games consumed the men's soccer team during the 2008-2009 season. With seven wins they played a good year with a victory over Milligan's rival King College. They trained and practiced diligently to better themselves during the season. They proved that it is not easy and takes skill to kick the little ball in the big net.

women's soccer

The women's soccer team received a new coach, Lisa Buckley, this year. Coach Buckley helped to propel the team to one of its best seasons in the past several years. Though the team lost in the AAC semifinals, there is hope for the new season, since most of the players are young. Of the semifinals, Coach Buckley said, "As a young team we need to learn how to handle being in a high pressure situation like that."

Cross Country

Ready to run? That's exactly what the Milligan Cross Country team did this year. Striving to keep in shape and run regularly the men and women gave it their all in the 2008-2009 season. Making it all the way to Nationals in Kenosha, Wisconsin, the men's and women's teams placed 16th and 4th in a field that contained the best teams in the country. History was made by some of the members and many of the students involved lowered their best scores by 25 seconds or more. Training and hard work led to a successful season for these two teams.

Milligan College Aqua Buffs Swimming

As the Milligan Aqua Buffs second Year swimming came to an end, they concluded with a satisfactory end. The team consisted of 18 swimmers, 10 boys and 8 girls as the season started. Over the course of time, the team lost a few of its members. Even with the

loss the team still performed well. With coaching from Ron Gohering the team had 11 members go to St. Louis, Missouri for the NAIA 2009 Swimming and Diving Nationals. At the meet the team set 27 new records and the mens team placed 11th overall in their relay. Go Aqua Buffs!

Swimmers in the warm-up pool

The Milligan golf team had an exceptional year. Led by Ben Treadway in the AAC Qualifier, the team came in fourth place overall. Treadway was one shot away from the All-Tournament team, and fellow team members Zac Breedlove and Jay Bernhardt were not far behind. Rounding out the team's success were Daniel Foster and Jared Songster, both of whom performed admirably in the conference tournament.

Buff Nation, a world made up of sports fans, school spirit, and, of course, cheerleaders. This year, Milligan had seventeen cheerleaders, all of whom "adopted" a sport as part of their scholarship requirements. Coach Ronda Paulson explained the adoption policy as a way to better involve people at school in sports. "The hope [is] that as we improve overall school spirit and student participation, we increase attendance and support for all sports." *story by Abby Banks, photos provided by Jay Bernhardt*

swing for the fences baseball

With a 17-10 AAC record and a 39-19 record overall, the Buffalo baseball team had its best season since 2007. Though the team batting average dropped to .311 from 2008's .344, the fielding improved, giving the Buffaloes the edge they needed to win games. The team started the season strong with a 2-1 series against Lambuth University, which set the tone for the rest of the year. "Milligan baseball places a high level of importance on hard work, dedication,

and determination towards our goal of becoming an elite program," said head coach Nathan Meade. The team's work certainly paid off, and the Buffaloes placed fourth in the conference, only one game behind third-place Bluefield. Special recognition went to Colin Duffie, whose 1.88 ERA led the conference and ranked him as seventh in the NAIA, and to Jason Trivett, who had a school record of 12 saves this season.

men and women's tennis

The Milligan tennis teams had a rough year. While many of their opponents were upperclassmen, the majority of both the men and women's teams were freshmen and sophomores, with no seniors on either team. The teams were led by the new tennis coach, Ron Worrell, a Milligan graduate. It was certainly a building year, with Coach Worrell working with the young teams to teach them to play effectively. As junior Brian Upshaw said, "I look forward to taking this year's experience to enable us as a team to get some key wins next year."

The 2009 Buffalo Yearbook was published by the Buffalo yearbook staff in Milligan College, TN, and was printed by Herff Jones Yearbooks in Charlotte, NC. The size 8 book included 128 pages of full color, and the press run was 600 copies.

The theme was “the more things change,” and was chosen by the staff. The cover was designed by editors Abby Banks and Victoria Licari, with input from the other staff members. The templates were designed by the staff.

The book was printed on 100 lb glossy paper stock. The fonts were AHJ Darkgray, AHJ Glytus, and AHJ Unitus.

The staff submitted pages electronically using InDesign CS2 and Herff Jones ePages and Plug-Ins for InDesign, ImageIn 3.0.

The portrait photos were taken by Coleman’s Studio in Elizabethton. Candid photos were from staff photographers Caitlyn Wise and Ashley Fennell, as well as various students and faculty.
